david straker changing minds pdf  
- Intensifier (abbreviated INT) is a linguistic term (but not a proper lexical category) for a modifier that makes no contribution to the propositional meaning of a clause but serves to enhance and give additional emotional context to the word it modifies. Tue, 28 Nov 2017 23:52:00 GMT  
Intensifier - Wikipedia - A theoretical approach uncommon in major psychology literature is David Straker's, SIFT-3M model. It was created to discuss mental functioning in relation to psychological decisions (e.g., compliance). Wed, 11 Apr 2018 10:51:00 GMT  
Compliance (psychology) - Wikipedia - A list of every Word of the Year selection released by Dictionary.com. Dictionary.com's first Word of the Year was chosen in 2010. Sat, 14 Apr 2018 20:27:00 GMT
